Sunny Days Catamarans "Fast Cat" provides transportation for campers to Dry Tortugas National Park. To make a reservation call 1-800-236-7937, a credit card number is required when booking seats. We carry a maximum of six campers per day. Call 48 hours prior to your departure to reconfirm your reservation. We have a 24 hour cancellation policy.

All campers must be at our dock and ready to load their gear no later than 7:00am. To check-in, campers must go to our booth located at the corners of Greene and Elizabeth Streets. At time of check-in, please confirm your return date.

Campers must bring enough supplies to be self-supporting. The Park Service and our crew can not provide you with additional supplies. Your trip charge does include breakfast as well as lunch the first day of your trip. All other food and water will need to be brought with. Sunny Days snorkeling gear is for use on your first day only. We allow each camper to bring two containers of gear, total weight of 40 pounds per person, not including water and tent. Food should be kept in hard containers to keep out rats.

There is a picnic table and grill at each campsite. Reservations for campsites are not accepted and the campsites are assigned on a first come basis. If all the sites are full, campers will be placed in an overflow campsite where they will share tables and grills. Wood fires are not allowed and liquid lighter fluid and fuel may not be transported on our ferry. We recommend self-starting charcoal for cooking.

Transportation of kayaks is available at a cost of \$35.00 round trip. If you plan on bringing a kayak you will need to make a reservation for it and let us know the length. We can transport 4 kayaks that are 16 feet and under and only 2 kayaks if they are longer than 16 feet. The kayaks are to be lightweight and empty.

Maximum stay is three nights. On the day of your return you must have your campsite cleaned out by 10:00am. Bring all of your gear and bags of garbage to the dock to be loaded back on the "Fast Cat". We will depart the Dry Tortugas at approx. 2:30pm and return to Key West at 5:00pm.

NOTE:: Due to the unique location of the Dry Tortugas, mechanical issues as well as severe weather could cause a trip to be canceled, please plan accordingly.
